

# Begin your bilingual journey for you and your child by choosing Welsh medium childcare and education.

## Why?

Most children across the world speak two languages. The sooner the child hears Welsh the better.

## How?

Make new friends with your baby at your local **Cymraeg for Kids Group**. Try our baby massage and yoga, Welsh story & rhymetime, splash & song sessions and more.

You'll find a warm welcome at your local **Cylch Ti a Fi**. Learn simple Welsh songs, listen to Welsh stories, play with toys, water and playdough as well as socialising and sharing experiences over a cuppa!

From 2yrs+ your local **Cylch Meithrin** Welsh-medium playgroup... provides a range of activities and experiences within the Foundation Phase framework. Your child will be immersed in the Welsh language and will soon be on their way to becoming bilingual.

Attending a **Welsh-medium Primary School** is the most effective way to ensure that your child acquires the full set of bilingual skills. This will lead to a wider range of employment opportunities and further openings in life.
